

# ANNUAL INDEX, VOL. 72

## A

Addy Asphalt Co., Hazelton, Pa., Feb.	68
Agglomerating, mixing & blending (Buyer's Guide), Jan.	131
Aggregate plant design	
—Electrical design—the high cost of neglect, Sept.	85
Aggregates (also see crushed stone, sand and gravel and slag)	
—Vince Ahenrn, Jr., discusses impact of federal mine safety regulations, June	74
—Economical dust collection for aggregate plants, Sept.	74
—IAAP fetes Governor Ogilvie, Aug.	88
Aggregates plants	
—Automated load-out highlights huge California gravel plant, Blue Diamond Co., Sept.	68
—Contractor's plant cleans tenacious clay from river bed deposit, Shear-Kaiser-Lockheed-Healy, March	79
—Depression baby makes good, Consolidated Rock Products Co., June	50
—Fundamentals of automating, Teichert Aggregates, Sept.	82
—Georgia aggregate producer doubles production, Vulcan Materials Co., April	72
—HMS unit meets tough specification challenge, Natural Aggregates, Inc., Oct.	90
—Portable plant and how it grew, Courtney & Plummer, Inc., Feb.	56
—Prompt service keeps portables running, Arthur Overgaard, Inc., Feb.	59
—Trucks give way to towboats, J. L. Shiely Co., March	55
—Utilized portable for maximum flexibility, Standard Materials Co., Feb.	94
—Versatility keynotes new Superior Stone operation, Sept.	76
—Wilderness plant works 'round-the-clock, Twin Bridges Sand & Gravel Ltd., Feb.	83
Air, gas & liquid handling equipment (Buyer's Guide), Jan.	122
Air pollution	
—APCA hears plea for cooperative action on air pollution control, Sept.	110
Air Pollution Control Association	
—APCA hears plea for cooperative action on air pollution control, Sept.	110
Air separators	
—Balance—key to mill/separator operation, June	68
Akre, Robert L.	
—Practice safety first when blasting, Feb.	91
Alpha Portland Cement Co., Orange Texas, April	94
American Aggregates Corp.	
—Brighton, Mich., Oct.	48
—Columbus, Ohio, Oct.	41
—Oxford, Mich., Oct.	45
American Road Builders Association	
—Efficient, profitable construction	
—ARBA goal, May	162
Automated load-out highlights huge California gravel plant, Blue Diamond Co., Sept.	68
Automation	
—Automated load-out highlights huge California gravel plant, Blue Diamond Co., Sept.	68
—Fundamentals of automating, Teichert Aggregates, Sept.	82
Automation and its role in the cement industry (Rock Roundtable) May	72
Ashe, Victor J.	
—Let's step up rotary lime kiln performance, July	79
—"Maximus" kiln—culmination of 50 years of shaft kiln development, July	76
Azus-Western, Inc., Azusa, Calif.	
June	47
Oct.	42

## B

Balance—key to mill/separator operation, June	68
Bandholz, John J.	
—Horizontal screen blinding—causes & cures, Feb.	96
Bartelsmeyer (Ralph R.) outlines today's plans for tomorrow's highways, Sept.	108
Belgian plant installs continuous slurry blending, Lixhe plant of Cimenteries CBR, July	87
Beneficiation	
—HMS unit meets tough specification	

challenge, Natural Aggregates, Inc., Oct.	90
—Montana lightweight producer expands to satisfy growing market, Treasure State Industries, Inc., March	64
Beneficiation, washing & classifying (Buyer's Guide), Jan.	132
Bergstrom, John H.	
—Automated load-out highlights huge California gravel plant, Blue Diamond Co., Sept.	68
—Big cones give Denver contractor extra crushing muscle, Western Paving Construction Co., Feb.	62
—California gravel producer doubles production, slashes costs with pit crushing system Azusa-Western, Inc., June	47
—CF&I gets low cost & high production from shaft kiln, CF&I Steel Corp., July	64
—Contractor's plant cleans tenacious clay from river bed deposit, Shear-Kaiser-Lockheed-Healy, March	79
—Depression baby makes good, Consolidated Rock Products Co., June	50
—Lone Star Cement story, Nov.	62
—Stone plant by night—and plant by day (Dardanelle Dam), L. G. Everist, Inc., April	64
—Ultimate in straight-line flow, Pacific Western Industries, May	89
—Utilized portable for maximum flexibility, Standard Materials Co., Feb.	94
Big cones give Denver contractor extra crushing muscle, Western Paving Construction Co., Feb.	62
Biggest kiln in the paper industry, St. Regis' Monticello, Miss. Dec.	66
Biggest show on earth, Conexpo '69 (CIMA), April	98
Blasting	
—Campbell Limestone doubles capacity at Liberty quarry, March	74
—Candid look at drilling & blasting problems, April	90
—Practice safety first when blasting, Feb.	91
Blasting & drilling (Buyer's Guide) Jan.	111
Blending	
—Pre-homogenization—a growing concept in cement making, April	100
Blending, mixing & agglomerating (Buyer's Guide), Jan.	131
Blue Diamond Co., Irwindale, Calif., Sept.	68
Blue Diamond Div., Flintkote Co., Irwindale, Calif., Oct.	52
Briggs (Ronald C.) details what's happening in the realm of USBM data collecting, Oct.	78
Bulk storage, packaging & shipping (Buyer's Guide), Jan.	138
Bureau of Mines	
—Briggs (Ronald C.) details what's happening in the realm of USBM data collecting, Oct.	78

## C

California gravel producer doubles production, slashes costs with pit crushing system, Azusa-Western, Inc., June	47
California Materials Co., Sun Valley, Calif., Oct.	53
Campbell Limestone Co., Liberty, S.C., March	74
Campbell Limestone doubles capacity at Liberty quarry, March	74
Canadian plant tours highlight IEEE meeting, July	110
Candid look at drilling & blasting problems, April	90
Case for large (cement) kilns, Oct.	72
Cement	
—Automation and its role in the cement industry (Rock Roundtable), May	72
—Case for large kilns, Oct.	72
—Cement capacity in North America (U.S., Canada & Mexico), May	49
—Cement in a developing country (India), Feb.	72
—Dundee slashes cost with unique refractory peeler, Dec.	82
—Effect of distribution costs on plant size, Part 1, May	98
—Effect of distribution costs on plant size, Part 2, June	76
—Forecast for 1973, Dec.	46
—Fourth Cement Seminar breaks records, adds session, Feb.	98
—James D. Piner & F. Eugene Purcell describe PCA's development, May	132
—Pre-homogenization—a growing concept in cement making, April	100

—Revitalized vertical kiln process yields more profit per barrel, May	114
—What lies in store for the cement industry in 1980? March	70
—What's the commotion in comminution? Oct.	83
—Why cement failed, May	63
—Will kilns give way to fluo-solid reactors? Cement Technology Corp., Sept.	116
Cement capacity in North America (U.S., Canada & Mexico), May	49
Cement in a developing country (India), Feb.	72
Cement Plants	
—Belgian plant installs continuous slurry blending, Lixhe plant of Cimenteries CBR, July	87
—Hot closure bag solves tough packaging problem, Redondo Cement Co., May	68
—Lone Star Cement story, Nov.	62
—Starting a cement plant from scratch, Santee Portland Cement Co., June	64
—Ultimate in straight-line flow, Pacific Western Industries, May	89
—Universal Atlas streamlines its Hudson Plant, May	56
Cement Technology Corp., El Monte, Calif., Sept.	116
Central region—expertise, Lone Star Cement Corp., Nov.	60
CF&I gets low cost & high production from shaft kiln, CF&I Steel Corp., July	64
CF&I Steel Corp., Pueblo, Colo., July	64
Cimenteries CBR, Lixhe plant, Brussels, Belgium, July	87
Ciments Lafarge, St. Pierre-la-cour, France, Nov.	78
Clarke, C. R.	
—Rubber against wear, Part 1, April	108
—Rubber against wear, Part 2, May	156
Classifying, washing & beneficiation (Buyer's Guide), Jan.	132
Clausen, C. F.	
—Cement in a developing country (India), Feb.	72
Clay	
—Contractor's plant cleans tenacious clay from river bed deposit, Shear-Kaiser-Lockheed-Healy, March	79
Cleaner air slashes repair costs, cuts engine maintenance, McNutt & Sons, Feb.	100
Clement Bros., Inc., Hickory, N.C., April	80
Colonial Sand & Stone Co., Inc., Port Washington, N. Y., Oct.	48
Columbia Cement Co., Zanesville, Ohio, Aug.	59
Communication, instruments & controls (Buyer's Guide), Jan.	142
Compressed air	
—Dependable air power for limestone plant, Winfield Lime & Stone Co., July	100
Consolidated Rock Products Co.	
Atwood, Calif., June	61
Claremont, Calif., June	60
Durbin, Calif., June	56
Irwindale, Calif., June	57
